

MAKE A MORMON AD

Make a Mormon Ad Night (they are now called New Era Poster). Use the scriptures from the previous Sunday's lesson to come up with a concept. You can use a Polaroid camera to take pictures, or a digital camera with a color printer. Lay the Mormon ad out like they are in the New Era, with a picture in the middle, and words on top and bottom (scripture or thought). You could do this all as a group (if meeting as a class) or you can make teams if this is a joint YW or joint with the young men activity. If you do have teams, make sure to have an award for every team. You may want to display these the following Sunday so the ward members can see what a great job the youth did.

To view some of the Mormon Ads in the New Era, go to www.lds.org and search for these titles:
