

COMPASS ACTIVITY

Divide camp into two groups. 30 girls - 15/15. One doing tent flags the other doing the activity. Within the compass activity, divide again. 7/8. Prior to activity, set up TWO separate course beginnings so they don't follow each other. Have the two courses join at the last site so they all end up at the same destination. You will have to set up your own directional degrees as locations will vary.

Before they begin, teach the girls how to use a compass. (How to find north, find their bearings, take readings and proceed to destination). Discuss what the rules for this activity are: Using their compass as their guide, they are to follow the bearings they take to the next stake/flagged area, and to the final destination.

Once both groups arrive, discuss how the savior is our compass and as long as we follow the directions correctly (the gospel) and use our compass to stay on the trail, we will be able to conquer all the trials and temptations placed before us on our path. The reward is worth it.

Jesus knew it would be hard to stay on the path. So he gave us support through people who believe as we do and stand for truth when the rest of the world abandons it. When you have sisters to stand with, it is easier to be strong. So stand together, as righteous sisters and let yourselves shine forth and be a standard unto all nations!!!!
